What's Next

Little Hulton Big Local is looking to make considerable investment during the next few years...

So it's vital that we begin to explore some key questions and address a number of challenges. The Little Hulton Big Local Board will therefore look at these key questions:

- What happens once we have spent the million?
- When will we be ready to become an independent organisation?
- How can we raise additional income?
- What will our legacy be?

Whatever the challenges over the next three years will be, the Board of Little Hulton Big Local are 100% committed to using the Big Local Investment to make a difference to the amazing community that is Little Hulton.
