VOCAL; Wellbeing, Health and Social Care Forum Strategic Feedback Quarter 3 2016

7th February 2017

1. Salford Safeguarding Adult Board

Meeting 7th December 2016

Representative: Louise Murray, Salford CVS

- 1.1 Lynne Stafford VOCAL Wellbeing, Health and Social Care Rep from the Gaddum Centre has now been appointed as Vice Chair of the Salford Safeguarding Adult Board. The Chair of the Board approached VCSE representatives to develop a proposal for the Board on 'Effective consultation with communities re safeguarding Priorities'. Lynne Stafford, Gaddum Centre, Delana Lawson, Healthwatch, Cath Barningham of Age UK and Louise Murray, Salford CVS worked together to create a proposal which was presented to the Board at their December meeting. A range of options were discussed and it was agreed to engage with existing community groups with a task meeting with SSAB Business Manager, VOCAL Wellbeing Reps and the Engagement Manager, NHS Salford Clinical Commissioning Group to progress. Salford CVS will host this meeting on 6th February.
- 1.2 The Salford Safeguarding Standards for voluntary and community organisations are now joint standards between the adult and children's safeguarding boards. They will enable VCSE organisations to demonstrate their quality of safeguarding arrangements. There will be a 12 month pilot to enable reporting back on progress to both Boards and to take feedback from VCSEs. This quarter the Chairs of Salford CVS, SSAB and SSCB agreed a joint forward to the [Standards which are now published on the Salford CVS website](#). A special e bulletin will launch the Standards in Quarter 4.
- 1.3 A range of other items were discussed and it is recommended that you view minutes of SSAB meetings which are available [here](#)

2. Implementation and Impact Network, Safeguarding Adults Board

1st December 2016

Representative: Cath Barningham

Present: Ann Brooking (SSAB, SCC - chair), Kevin Bullman (Probation), Anne Mitchell (SRFT), Rachel Dodge (Intermediate Care), Ann Marie Hornsby (SRFT), Linda Burgess (SRFT), Marie Roberts (SRFT), Martin Gandy (joint LD team), Julie Boulton (SRFT), Anne Mitchell (SRFT)

by Salford CVS

2.A Standing Item - Review of SSAB Risk Register

- 2:1 All were happy with the Risk Register as up to date and appropriate levels of risk.

2.2 Standing Item – Making Safeguarding Personal(MSP)

- 2.3 MSP training – 6 sessions were commissioned and are all full. General feedback has been very positive, a threshold document the trainer referred to is on the SSAB website but not easy to locate. The document provides guidance to agencies to lead on section 42 and linked to policy. All policies are currently on SSAB website.
The SSAB website is to be reviewed when the business administrator is in post to make it more user friendly and easier to navigate. The thresholds document is currently being revised, when completed it will come to the provider forum and I&IN for final comments.
- 2.4 A proposed MSP forum is still to be established, delay is due to resource issues to facilitate this group. The forum is for advanced social work practitioners and scheduled to meet quarterly to explore best practice. This is being followed up to determine who is going to facilitate the forum to move this forward.
- 2.5 It was reported that GMP appear to be receiving less referrals, this was attributed to MSP.
- 2.6 An MSP proforma is to be circulated to all agencies, to be used as a tool to gather soft data on how implementation of MSP is working across agencies. An introductory sheet is to be drafted, once approved by I&IN and the next SSAB will be circulated with the proforma.

2.7 Self-Neglect

- 2.8 Draft guidance had now been developed and is receiving further consultation through the 6 scheduled training dates. The training is fully booked, general feedback was very positive with a lot of individual staff from the different agencies partaking. The self neglect guidance is under review and to be finalised once the training has been completed. The resources for use in self neglect cases will be an appendix attached to the self neglect guidance.

A VCSE forum facilitated
by Salford CVS

Policy Launch – there will be an official launch of the revised SSAB self –neglect guidance including a seminar on self neglect delivered by Michael Preston Shoot on 29th March 2017 at Swinton Park Golf Club.

2.9 North West policy

- 2.10 ADASS have produced a NW SA Policy which covers the general principles of safeguarding as outlined in the Statutory Guidance of the Care Act. Comments have been relayed to ADASS. Generally people felt that it is a good idea in principle. It needs to be comprehensive, manageable and easy to read.

3. Safeguarding Adults Performance & Quality Sub Group

December 2017

Representative: Sam Cook

- 3.1 I have been representing CVS on an Adult Safeguarding Sub Group since December 2015. As well as myself representing Salford CVS; there are representatives from SCC; Salford CCG; SRFT and GMP.
- 3.2 The work of the group was on hold for approx. 4 months whilst membership was reviewed. Meetings started again in November with a new Chair in place – Jennifer McGovern. A further meeting has taken place in January 2017.
- 3.4 Terms of reference for the group have been revised; finalised and submitted to the SSAB for approval. Work is still being done on scoping out priorities whilst ensuring the group takes its lead from the SSAB.
- 3.5 A dashboard has been collated showing data and statistics on adult safeguarding in Salford. Again, this will go to the SSAB for approval with guidance being sought on how and when they would want this updated/presented. It's hoped this will be a useful tool going forward for identifying areas of safeguarding concern for further investigation. It's also providing useful for identifying gaps in data.
- 3.6 Quality is also an area of focus for the group. A draft paper is being worked on by a group member from the CCG which will cover this and ensure it's focussed on without work being duplicated. The voluntary sector has been highlighted as a group/service that needs to be included. Next meeting is in April 2017.

4. Health and Wellbeing Board

Tuesday 24th January 2017

Representative: Louise Murray

- 4.1 The Health and Wellbeing Board has revised its Terms of Reference and membership which were agreed at the meeting. This now includes two voluntary, community and social enterprise representatives: Alison Page, Chief Executive Salford CVS and VOCAL Wellbeing, Health and Social Care Forum representative which be a shared position between Jean Rollinson (Age UK) and Lynne Stafford (Gaddum).
- 4.2 Louise, Lynne and Jean presented a paper to the HWBB outlining the nature of the VCSE health and social care sector in Salford and its offer through the VOCAL Wellbeing, Health and Social Care Forum. Please see attached leaflet.

VOCAL Leaflet.pdf (Command Line)

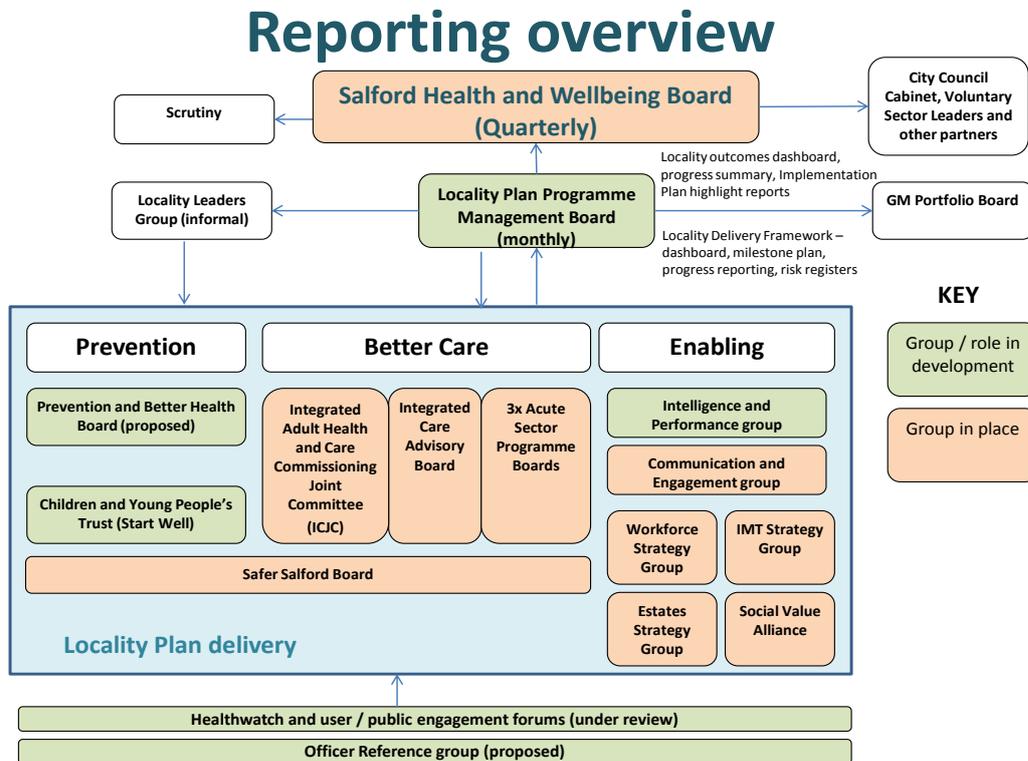

We outlined our priorities to the Board as:

- Providing VCSE Representatives to HWBB and other key strategic health and well-being partnerships
- Identifying current and potential delivery against Salford's Locality Plan: Live Well and Age Well
- Engaging with Salford Primary Care Together
- Developing Pathways with Salford's ICO
- Engaging with the review of the PAL and developing the market for personalisation
- Prevention

The aboard were broadly welcoming of these offers.

- 4.3 A task and finish group has been set up to push forward with the completion of the population health and prevention plan. Alison Page, Salford CVS Chief Executive is a member of this task group. Following completion of the task a larger Prevention Board will be established. VOCAL Wellbeing Health and Social Care Forum have asked for 2

representatives at this Prevention Board: Bruce Poole (Unique Improvements) and Bernadette Conlon (Start in Salford).

- 4.4 Salford Royal Foundation Trust gave a report on acute care including an update on the current winter pressures on SRFT and SRFT's emerging links with Pennine Acute Trust. Over the last 6 months there has been a sustained reduction on A7E performance across the country and this includes SRFT. Salford is focussed on trying to prevent avoidable admissions, increasing assessment capacity and flow, reducing delayed transfers of care.
- 4.5 More information about Salford's Health and Wellbeing Board is available [here](#). Members of the public are able to attend Board meetings and are also able to ask questions. In addition to VCSE representation at the Board through VOCAL Wellbeing Forum VCSEs are encouraged to attend and ask questions. Future meetings will each start with a 'citizen story'. The Board is also looking to hold its meetings in community venues – please contact: Mike.McHugh@salford.gov.uk if you would like to offer a venue.

5. Scoping Health and Wellbeing Board Prevention meeting

Tuesday 20th December 2016

Representative: Lesmond Taylor

- 5.1 Many of the meetings attended by the representatives this quarter; suicide prevention, mental health strategy, Transformation Fund meetings and the ongoing work on the Locality plan along with Health and Wellbeing board sub group meetings are all contributing to shaping Salford Transformation Fund bid which will be written by senior officers City Council and the Public Health Team.
- 5.2 The Transformation Fund* presents an opportunity for Salford City Council and partners including the VCSE sector to apply for up to 2 Million pounds. This fund would support the development of communities who are ultimately able to support themselves.
- 5.3 Prevention occurs across all areas of the system and throughout the Locality Plan, (Start Well, Live Well and Age Well) and different interventions are required. Within Salford three aspects of the Locality Plan align with Greater Manchester Themes – Prevention (Better Health) Integrated Care Programme (Better Care) and Enablers. The approach to prevention has been depicted through the model of a triangle, with Primary care prevention occurring at population level (bottom of the triangle) and shifting/engaging the 'Persuadable middle'. Secondary prevention looks to identify and treat the situation, while Tertiary prevention works with those already identified as having a condition to improve the quality of health for these individuals.
- 5.4 The development session looked at the proposed Prevention and Population Health Plan. Attendees worked through refining and developing the ideas further in order to develop a whole systems partnership prevention approach. It's envisioned the delivery of the programme would be citizen led and therefore would need to involve the citizens from the outset.
- 5.5 There were over 20 people invited to the session and 12 were from the community and Voluntary Sector, the room was split in to 4 groups. The session was led by Councillor Tracy Kelly, Lead member for Health and Wellbeing, David Hearn, Head of Public Health Salford and

A VCSE forum facilitated
by Salford CVS

Siobhan Farmer, Public Health Salford facilitated the session. The next steps will involve the development of a project plan. In March a full proposal will be developed and submitted to the Transformation Fund by the end of April.

The Transformation Fund*

As part of the Comprehensive Spending Review settlement between HM Treasury, NHSE and Greater Manchester, there has been support for the creation of a fund to support the transformation of health and social care. Following previous work to model the investment required, NHSE has made available £450 million over the next five years – this will be known as the GM Transformation Fund.

6. Community Asset Project Group

Tuesday 14th December 2016

Representative: Lesmond Taylor

- 6.1 New Tech and Tea classes to start running in quarter 1 of year 2. Working with Age UK to deliver at Dementia cafes in year 2 – opportunity to develop some learning about what works with people living with Dementia and their support networks to shape the programme further.
- 6.2 Drop-ins in 8 neighbourhoods are to be built into a project for people who have already completed Tech and Tea. 4 started in quarter 4 of year 1, a further 4 to begin in quarter 1 of year 2. Drop-ins to be monthly.
- 6.3 **Reminder that Tech and Tea can be arranged for groups of 6/8 people in any location and day/time – please get in touch with Matt matt@inspiringcommunitiestogether.co.uk if you would like to discuss.**
- 6.4 **Focus on Falls**
This will be a key priority for 2017-18. 4 step up classes now being run across Salford and additional staff have been recruited to support the programme. High number of people have now completed postural stability and are expected to move into step up in the New Year. Some of the step up group at sports village took part in a research project with ICT to see if using health watches would increase physical activity whilst not in a step up class.
- 6.5 **Volunteer wellbeing champions – awareness session for the champions run by Salford Community Leisure on Dementia completed 28 Nov.** This was part of an ongoing learning programme for the

A VCSE forum facilitated
by Salford CVS

wellbeing champions. The next session will be stroke awareness which is being planned for January with the stroke association, *at the Willow Tree Health Centre. A celebratory Event, awarding certificates, to be held in January 2017 with invited guests.*

- 6.6 If anyone can offer any other learning for the wellbeing champions please let Siobhan know. **if interested in sign posting volunteers or would like a staff session on the model please contact Siobhan siobhan.foley@salfordcvs.co.uk**
- 6.7 Realising the Value Workshop Chris Dabbs presented a power point presentation based on the one delivered at the launch events to give the group an understanding of the work which has taken place through
- 6.8 Attendees took part in the 'Workshop' and formed two groups, group one worked on the concept of the Commissioners and group 2 on the concept of being a Provider. Each group looked at changing behaviours. Providers to look at engaging better with the community and commissioners, how best can the VCSE sector to present outcomes to commissioners?

Realising the Value
workshop (Salford T
