

# Helping the community to stay healthy and succeed at work

## WorkWell in Salford

### Are you treating a patient who is facing challenges at work because of a health condition?

WorkWell is a free offer designed to support people with health conditions or disabilities, whether a mental health or a physical health concern such as a musculoskeletal (MSK) condition. Our friendly and experienced WorkWell team will help patients stay in work or return to work if they have had to give up their job due to a health-related condition. This includes self-employed workers.

#### What we offer:

- a personal assessment to understand the best support for your patient's needs
- tailored plans to address their physical and mental wellbeing
- access to local health services, wellbeing activities, and community support
- careers advice and guidance to help individuals progress in their current job or explore new opportunities
- a dedicated WorkWell Community Connector or Health and Work Coach

#### Eligibility:

Patients can access WorkWell if they are employed, self-employed, or recently unemployed and facing health-related challenges to either remain in work, or return to work. **To refer patients to WorkWell, please use existing referral arrangements such as Wellbeing Matters social prescribing via EMIS on the patient record, or your tailored referral pathway.**

**Or for more information, visit: [www.salfordcvs.co.uk/wellbeing-matters](http://www.salfordcvs.co.uk/wellbeing-matters)**

WorkWell is funded by The Department for Work and Pensions
