Making a difference in Salford

Top 3 time saving tips!

Add your logo and brand colours to your account (pro version) – This makes your logos and brand colours available to use in your designs.

Don't be afraid to take inspiration from other existing posters – This will help you create a small plan in your head to speed up your process, and give you a good starting point to experiment with.

Find some graphics or icons that fit with your brand – Once you find a set of elements/graphics/icons that you like and that are recognisable, you can reuse them on designs, to keep it cohesive, and save searching for new ones for each design.
