

Third Sector Fund

Annual Report

2020/21

The flexibility of the Third Sector Fund enabled a swift allocation of monies to a COVID-19 Food Response Fund providing much-needed support to Salford Foodshare Network members including food banks and clubs across the city.

1) Introduction – “Best laid plans”

The financial year 2020/21 marked the commencement of a new 5-year agreement between NHS Salford CCG and Salford CVS in support of the Third Sector Fund (2020-25). Planning and scheduling of the grant fund was largely complete in March 2020 when COVID-19 swept the UK and the country was plunged into lockdown.

Working closely with the CCG commissioner, the Third Sector Fund’s allocations and schedule were rapidly reconfigured to address the ensuing health and economic challenges.

By the end of the year around £771,000 had been invested through targeted COVID response and recovery grants funds (5a – 5h above). This enabled Salford’s VCSE sector to provide tailored support to the communities they support at a critical time.

All remaining Third Sector Fund monies (5i – 5p above), whilst nominally allocated to ‘business as usual’ grant funds, became significant contributors to the sector’s COVID response in support of the health and wellbeing of local people.

The £1,000,000 Third Sector was supplemented with additional generous support from NHS Salford CCG, Salford City Council, government rebate monies and funds raised by Salford CVS through JustGiving, making 2020/21 the most intense period for awarding of grant and investments to the VCSE sector.

In addition to summarising the year’s grant making activities, this report gives a snapshot of the activity delivered by Salford’s VCSE sector, backed by a responsive grants process and wider organisational support.

The full story of Salford CVS’ COVID YEAR can be read in our [Annual Report for 2020/21](#).

July 2021

2) Review of the year

Supporting Salford's COVID response and recovery

At 2020/21 commenced it quickly became apparent that the carefully worked plans for delivering the Third Sector Fund grants and investments programme would need to be re-written. The evolving nature of the ensuing health and economic crisis necessitated regular review and reorientation. This was done in close consultation with Stephen Woods, the commissioner overseeing the Third Sector Fund.

The Crisis Fund – fast-track support for a sector response

As the pandemic took hold and lockdown loomed it became apparent that communities would need swift access to monies to support an emergency response in terms of food provision, wellbeing and mental health support and activities for children and young people. Launched in the week before lockdown, the **Salford Crisis Fund** offered fast-track awards of up to £500 to VCSE groups addressing urgent need. This was made possible by the reallocation of **Third Sector Fund** monies agreed in consultation with NHS Salford CCG.

Additional funding from the CCG later in the year enabled top-ups of up to £500 to be offered to funded groups. Over the year, a total of 91 organisations received awards totaling £71,728 to support COVID response activity across the city.

"The support you've provided during this dreadful time has been invaluable! At times I have felt so lonely. I am frightened that I will lose my confidence and never go out again. I haven't left home since we were told to isolate in March. You have helped me to stay safe by getting my shopping and picking up prescriptions from the chemist. Hearing a friendly voice at the end of the phone has been a life line during dark times, and receiving a beautiful bunch of flowers on my 90th birthday made me realise people still care!"

Salford Heart Care - Crisis Fund project beneficiary

"Thank you African Rainbow Family for sourcing this fund for us. I am particularly grateful as the Crisis Fund will allow me to stay safe at home whilst quarantining and not worry about food. The money towards food parcel has helped me greatly. I am even able to participate in the group's online activities with the help towards buying internet data. Thank you Salford CVS and African Rainbow Family."

African Rainbow Family - Crisis Fund project beneficiary

Supporting Salford's Food Response

Prior to COVID-19 Salford CVS had never distributed funds focused exclusively on feeding local people. This changed rapidly as the economic impact of COVID took effect. In close consultation with NHS Salford CCG and wider partners, Salford CVS established a new **Food Response Fund** to support the food banks, clubs and pantries coming under the Salford Foodshare Network.

The £30,000 allocated from the Third Sector Fund formed the core of the fund and enabled a swift response to greatly increased need. Additional Third Sector Fund awards were used to boost food

supplies from GM Fareshare to Salford's food banks and clubs and minimise COVID transmission in food shopping queues through provision of Passover food parcels.

Utilising Third Sector Funds to prime the new Food Response Fund helped secure a wider range of additional public and private sector contributions to enable investments to food banks and clubs throughout the year.

Several rounds of investments were made totaling over £200,000. A blog summarised the breadth of the food response work over the year: <https://www.salfordcvs.co.uk/supporting-salfords-food-response>

See below selection of photos and quotes from Food Response Fund supported projects, made possible by release of Third Sector Fund monies.

Salford Foodbank

Visit from the Stork

Lifecentre
Salford

"Thank you for this amazing grant gift to us. A perfect gift for the Naz at this Christmas time." **The Naz**

"The funding we have received from the Food Response fund has enabled us to provide over 1400 Good Thoughts Bags to families throughout the pandemic. This has helped with children's nutrition with cereal and fresh fruit, and helped families to support their own emotional wellbeing and come closer together. Families have loved receiving the bags and said they have been such a help through this difficult time." **Lifecentre Salford**

"This period is so difficult and coupled with our personal difficult circumstances I have fallen into a depression and can barely do regular tasks around the house and I am feeling guilty that I am not there for my children. Your assistance has brightened our entire house and brought a spark of hope into my life I cannot thank you enough." **L'Chaim Foodbank beneficiary**

"Salford Foodshare Network and Salford CVS (and all the organisations who have helped make up the funding) have supported our food response through the COVID-19 crisis. We couldn't have done it without you. You have enabled us to provide food for people

experiencing multiple disadvantage in Salford safely and effectively. We delivered items across the city, and people accessing vocational training with us helped deliver the activities. More than just money, your continued support has given us the confidence to continue during this challenging time for the charity and people we support."

Mustard Tree

Raising additional funds to support the COVID response

With significant support from NHS Salford CCG Salford City Council and, the **Salford4Good Emergency Response Fundraiser** was launched on JustGiving to help meet urgent need arising from the pandemic. Over and above major contributions from strategic partners, more than 250 local people made individual donations bringing the total raised to over £146,000.

These monies were used to supplement the Food Response Fund, wider response funds focused on people with disabilities and Black, Asian and minority ethnic communities. Salford Credit Union also received direct support to maximise their support for hard-pressed communities. <https://www.justgiving.com/campaign/salford4good>

Tackling Holiday Hunger

The issue of feeding those children who are eligible for free school meals during the summer holidays received significant media attention with the involvement of Manchester United footballer Marcus Rashford. Complementing the ensuing national 6-week voucher scheme for eligible children, Salford CVS invested £25,000 of the Third Sector Fund in six VCSE organisations through the **Healthy Holidays Fund**. This supported these groups in putting on COVID-safe activities and provide food for children at venues across the city.

Wider COVID Response and Recovery Funds

As COVID restrictions began to reduce Salford CVS launched a major round of response and recovery grants to support the sector meet the challenge of COVID. In consultation with the CCG the Third Sector Fund enabled the delivery of this significant level of support to the VCSE sector

The **Recovery Fund** was conceived as supporting the sector with grants of up to £20k to help meet increased demand due to COVID, maintain financial stability or make premises COVID secure. Fifty applications were received totaling over £890k in funding requests highlighting the level of need with the sector. Almost £430k was allocated to 27 organisations.

The **BAME Response Fund** was shaped with expert input from BHA for Equality to ensure the criteria reflected emerging priorities in those communities disproportionately impacted by COVID-19. Six grants of up to £10,000 totalling almost £51,000 were awarded.

The Manchester-based organisation Breakthrough UK provided their expertise to help develop the **Disability Response Fund**. This made three awards of up to £10,000 totalling almost £30,000.

The £50k **Digital Response Fund** was developed to help address the shortcomings of the VCSE sector's IT resources, highlighted by urgent need for remote working and service delivery solutions during COVID restrictions. Awards of up to £2,500 were made to 25 organisations to provide new hardware, software and training to support more effective working.

Unlimited Potential received a £2,400 **Digital Response Fund** award to provide much-needed training in digital skills to eight staff producing tangible benefits for the organisation:

- Staff have access to and can use new digital tools – through training in effective taking and use of images and video materials.
- Staff are more effective, efficient and confident – and will produce an increased quantity and quality of digital video and audio material for use with beneficiaries and the public.

ZOOM-based staff training enabled by a Third Sector Fund supported Digital Response grant:

Supporting the health and wellbeing of children and youth

In the early summer of 2020 feedback from Salford's primary schools demonstrated clear demand to reprise the **Healthy Schools Fund**. With support from our Healthy Schools Development Worker over 40 applications totaling £212k were received. Twenty-two schools received grants totaling £110,000.

A major partnership fund involving secondary schools, feeder primaries and VCSE organisations awarded grants to support the transition of vulnerable pupils from year six to year seven. Through this **Healthy Schools Transition Fund** seven partnerships received almost £230k to undertake a range of pupil support activity across the academic years of 2020/21 and 2021/22. It is hoped that learning from this programme will help channel national school transition resources should they become available.

During 2020/21 the **Youth Wellbeing Fund** prioritised applications that helped address emotional wellbeing and mental health of young people. Over £38,000 was awarded to ten organisations delivering COVID-safe youth-led projects.

Responding to Lockdown 3

After two rounds of **Wellbeing Fund** awards during reduced COVID restrictions the third lockdown led to the creation of COVID-support grant entitled **Live Well this Winter**. This was aimed at small groups wanting to respond to community needs in keeping well nourishes, well connected and warm and well. With fast-track decisions taken weekly with support from AgeUK Salford, over £25,000 was allocated to 26 organisations

"On behalf of Kings Church we can't thank you enough for approving us for the grant from the Live Well this Winter Fund, we really do appreciate your support" **Kings Church**

"Thanks for this wonderful news. We are grateful. With this grant we will be able to support people living in hardship due to the pandemic." **Equal Education Chances**

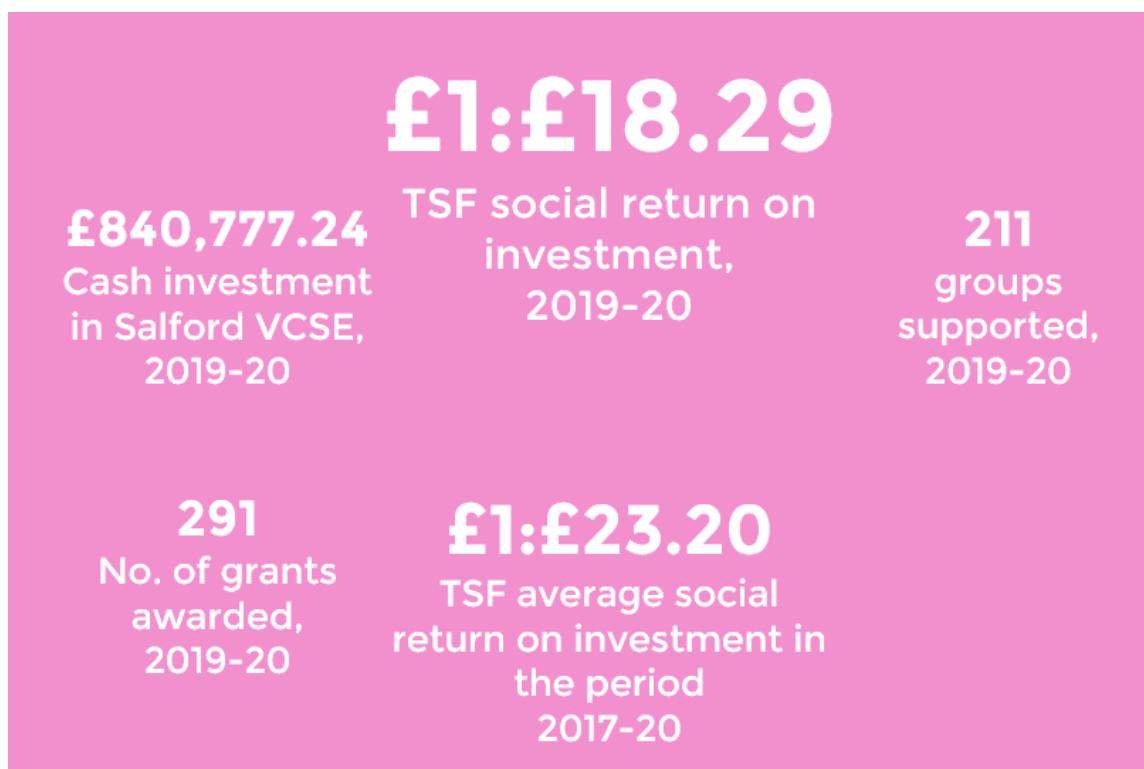

"Thanks so much for awarding us this funding - we look forward to putting it to good use!"
Special Spirits

Over the course of the year over £13,000 was awarded via the **Volunteers' Expenses Fund** to support much-needed volunteering activity.

3) Evaluating the Impact

Despite the difficulties presented by COVID-19 a full evaluation of the Third Sector Fund was undertaken by the **Centre for Local Economic Strategies** (CLES) and **Voluntary Sector North West** (VSNW). This review covered the 2019-20 financial year and represented the final year of a 3-year funding agreement with NHS Salford CCG.

It again demonstrated the significant social return on investment delivered by the Third Sector Fund equating to a return of £18.29 for £1 invested.

CLES’s analysis provided greater detail effectiveness of the Third Sector Fund is addressing key health priorities:

NHS Salford CCG colleagues and wider strategic partners were also interviewed as part of the evaluation. Some of their feedback is featured below:

“When we started it was new and no pre-existing way to demonstrate impact [of this type of fund] – the approach to evaluation has meant we can vividly see the return on investment” **Steve Dixon, Chief Accountable Officer, Salford CCG**

"[In relation to the celebration events] it is very humbling to see where £500 went – a world away from the multi-million pound contracts we deal in", **Karen Proctor, Director of Commissioning, Salford CCG**

"In the early days of devolution, we recognised that we would have to change the way we work radically if we were to truly change health outcomes. We knew we would have to personalise and not medicalise. We knew we would have to back communities to do what worked for them. And we knew we might have to create the evidence to follow a new path and not keep repeating old mistakes. Here is a key contribution to that evidence with the human and economic conviction to point to a sustainable and spreadable model". **Warren Heppolette, Executive Lead, Strategy & System Development, Greater Manchester Health & Social Care Partnership**

The case study research undertaken as part of the evaluation yielded many quotes demonstrating the clear health and wellbeing benefits for project participants

"When I first attended, I had no confidence and was in a wheelchair, now I can stand freely, on some days to the count of 100 and can walk a short distance." **Participant of BASIC's Balance retraining programme funded through the TSF's Impact Fund**

"I received a referral late one night where a mother was upset and anxious as she had no food for the morning. I don't do this for work I put myself in their position –If a child wakes up and needs food for that morning, I make sure we deliver before they wake. This is important in breaking the cycles of anxiety and depression and that timely response is key to reducing the crisis that spirals into poor mental health." **Jasmin who runs a food parcel project through Women with Wings Funded through the Third Sector Fund**

"I myself have lost weight, lowered my persistently high blood pressure and found a great support group in the people I run with, the amount of time and effort the run leader Tony puts into the group is amazing and without him and his support the group wouldn't be what it is a great success." **Participant of Albert Park Running Group Couch to 5K project funded through the Wellbeing fund**

"The pitch is a god send as we can still deliver P.E in socially distant way outside, other schools haven't been able to do this during this time". **PE Lead, TSF Heathy Schools Grant utilised to create a multi-use games area.**

"This has given me the confidence to change my career. I am pleased to report that I have nearly finished my qualification in teaching support and will be applying for jobs when the schools start back." **Carer – TSF supported 'Empowered Carers' project**

4) Summary of Awarded Grants by Fund 2020/21

a) Salford Crisis Fund

The Crisis Fund was developed in March 2020 (pre-lockdown) as means to fast-track financial support to VCSE organisations responding to urgent need in the community. In agreement with the CCG's designated commissioner decision making was delegated to Salford CVS' Chief Executive to enable responsive decision making on weekly basis.

Grants of up to £500 were offered. Later in 2020 additional funding was made available to provide 'top-up' funding to groups for continuing response work. All awards funded in 2020/21 are listed below.

Ref number	Organisation	Project Name	Total
SCF20 102	Salford Heart Care	Phone-based & practical support to vulnerable members in Salford	500.00

c) Food Response

In agreement with the CCG's designated commissioner funds were allocated to meet the fast-emerging need to support food banks and clubs across the city, as well as strategic support of food supply from Fareshare GM. Additionally funds were allocated to minimize community contact (and hence COVID transmission risk) in the lead-up to Passover in 2020.

Ref No	Organisation	Project Name	Award
n/a	Various	Food Response Fund – Managed by Salford Foodshare Network / SCVS	£30,000.00
n/a	Salford Jewish Forum via Hershel Weiss Centre	Passover Food Response	£10,000.00
n/a	Fareshare GM	Strategic Support for Salford	£25,000.00
		TOTAL:	£65,000.00

d) Domestic Violence / Domestic Abuse Response Fund

This investment was agreed by CCG's designated commissioner in consultation with Salford City Council domestic violence leads and Salford CVS' Chief Executive. This was in recognition of significant increase in demand for domestic violence / abuse support services due to COVID lockdown.

Ref No	Organisation	Project Name	Award
n/a	Salford Women's Aid	DV/DA Covid Response	£50,000.00
TOTAL:			£50,000.00

e) BAME Response Fund

This fund was developed with BHA for Equality and utilized an additional £25,000 from the Salford CVS-led Salford4Good Emergency Response Fundraiser. Funds were allocated to BAME-led VCSE organizations meeting the needs of communities disproportionately affected COVID.

Ref No	Organisation	Project Name	Award
BAME20 103	The Flowhesion Foundation	Covid19 Salford Urdu/Punjabi Counselling Line	£9,771.00
BAME20 119	Europia	Supporting Invisible Minorities (EU nationals including Roma communities)	£10,000.00
BAME20 121	Paperweight Trust	Returning their dignity	£5,200.00
BAME20 125	Manchester Migrant Solidarity	Mental Health Support Workshops	£6,157.02
BAME20 134	Salford Forum for Refugees and People Seeking Asylum	Refugee and asylum seekers (RAAS) online Support Service	£9,980.00
BAME20 135	The Centre for Specialist Educational Assistance Ltd. (known as Binoh of Manchester)	Strengthening Communities	£9,890.00
Total:			£50,998.02

f) Disability Response Fund

This fund was developed with Breakthrough UK and utilized an additional £25,000 from the Salford CVS-led Salford4Good Emergency Response Fundraiser. Funds were allocated to disability-led or disability-focused VCSE organizations meeting the needs of communities disproportionately affected COVID.

	Total:	£4,028.00

m) Youth Wellbeing Fund

This fund has operated for several years as a response to views articulated by young people from the 'Seldom Heard' initiative. Projects were supported with grants of up to £2,500 (for general youth and wellbeing projects) and up to £7,500 (for projects with a focus on emotional wellbeing and mental health). All projects were developed in consultation with young people and assessed by a panel with youth representatives.

This fund utilized £25k of the additional Emotional Wellbeing and Mental Health monies via CCG/SCC joint commissioners.

Ref No	Host Organisation	Project Name	Award
YWB20 103	Stepping Stones Creative	Exploring the Cultural Heritage of Salford	£2,500.00

YWB20 118	Salford Youth Service	Deans Wellbeing Project	£5,550.00
TOTAL:			£38,352.90

n) Healthy Holiday's Fund

This fund was directed at projects providing food and activities for children over the summer holiday period, with an emphasis on addressing holiday hunger. Delays due to COVID and an unsuccessful Salford Council bid for government monies meant that allocation of monies was prioritized for organisations to reprise their activity funded in 2019. Grants were awarded both to serve geographical areas and communities of identity.

Ref No	Organisation	Project Name	Award
HH20 101	Liber8	Summer Food and Fun	£425.40

HH20 105	Special Spirits	Summer Support Programme	£1,854.50
TOTAL:			£24,999.90

o) Healthy Schools Fund

Over many years the Healthy Schools Fund has supported Salford's primary schools in undertaking a wide range of health and wellbeing projects for the benefit of their pupils. Despite the COVID restrictions schools showed clear desire to develop proposals. This was proved correct with many applications submitted and the full allocation of £11,000 awarded.

Ref No	School	Project Name	Award

		Total:	£110,000.00

p) Healthy Schools Transition Fund

This new fund was established to provide support for vulnerable pupils who are due to transition from Primary School (last term of the 2020/21 academic year) to Secondary School (first two terms of the 2021/22 academic year). Partnership applications were invited from the Secondary School (lead), their feeder Primary Schools and a supporting VCSE organization. The two-stage application was supported with input from the Healthy Schools Development Worker.

The University of Salford assisted in the panel process and is providing ongoing evaluation support to July 2022. It is hope that learning gained will be embedded within school processes and provide evidence to support the securing of anticipated national transition monies in the near future.

This fund utilized £175k of the additional Emotional Wellbeing and Mental Health monies via CCG/SCC joint commissioners.

Ref No	Lead Secondary School	Project Name	Award
