

Third Sector Fund

Summary of Awards

April 2021 – March 2022

Patricroft Community Group CIC and Incredible Education CIC received a Healthy Holidays grant of £5,610 for their Bush-Craft & Healthy Eating Project. Over 12 days during Summer 2021 a total of 171 meals were served to school aged children, 71% of whom were eligible for free school meals. In addition to healthy meals a range of outdoor and craft activities were provided.

1) Introduction

The planning of Third Sector Fund grants programme for 2021/22 took place during the third COVID lockdown. This presented a challenge to Salford CVS in designing both the shape of and size of the individual funds and the scheduling of the individual rounds. That said, the Third Sector Fund has been delivered broadly to plan.

As in previous years the majority of awards took place in quarters three and four. The grants allocated over the full 12-months continue to demonstrate the value of Third Sector Fund in enabling the VCSE sector to deliver tangible health and wellbeing benefits for the people of Salford.

- Youth Wellbeing Fund

2.2) Narrative reporting and feedback received

Wellbeing Fund

In July £24,415 was awarded to 25 small VCSE organisations to undertake Health and Wellbeing Projects. This was the first of three rounds of the Wellbeing Fund planned for 2021/22.

Post-award feedback from recipients:

Playful Transformations will be working with children and families and they said, *"The wellbeing award will enable us to reduce social isolation as well as help children release their emotions in a non-threatening, playful environment. Thereby offering them improved happiness and a feeling of wellbeing."*

Europa informed us they were delighted to have the money to spend in Salford as *"There is a desperate need of providing culturally appropriate and language specific wellbeing support to EU nationals in Salford. This money will ensure we start this much needed work."*

The Social Network for Seniors described the importance of having a place to meet
"This funding will enable seniors to meet in a social setting which will reduce the lonely feeling that the Covid19 restrictions caused. It will enable them to connect to the world around them and feel a sense of belonging."

The blog below highlights how these grants are set to make a real difference to the lives of local people: <https://www.salfordcvs.co.uk/grants-boost-wellbeing-salford>

The full list of recipients from three rounds of Wellbeing funding can be found in section 5a.

Volunteers' Week Activities Fund

This small fund awarded grants totaling £9,302 to 20 groups from across Salford to recruit and reward their volunteers in the wake of the immense challenge of COVID-19.

Selected post-award feedback from recipients:

"This funding will enable us to thank our many volunteers and celebrate their achievements. We simply couldn't carry out all of the work we do without our incredible volunteers. The time that they give to us and our clients makes a huge difference. Our volunteers bring their talents, dedication, diverse skills, commitment and true community spirit to the role. Our volunteers team aim to reduce loneliness and social isolation. They offer befriending support to vulnerable Jewish people across Salford (and Greater Manchester generally). The past 18 months have been so challenging for many people and our volunteers have been truly inspiring. Our volunteers help us to respond quickly when someone picks up the phone to ask for help for the first time, or when an existing client needs increased support, or to help with running a community project such as 'My Voice' or our 'coffee-stop' social get-togethers. Thank you to Salford CVS for their ongoing support".

The Fed

"We are pleased to receive this grant. This will enable us to campaign to recruit more volunteers as we expand our activities and show appreciation to our current volunteers for their commitment and work, especially during these challenging times."

Sovereign House

Healthy Holiday's Fund

This fund formed part of the wider programme (food and activities offer) co-ordinated by Salford City Council. Awards totaling £70,000 were made in June and £33,000 in December to VCSE organisations from across the city to help address holiday hunger. The original £25k of NHS Salford CCG money was boosted by support from funds secured by the City Council from DoE.

During July and August, the twelve VCSE organisations supported through Healthy Holidays grants delivered a range of physical and wider activities and provided food to **1,219 children aged 4-16** (including 87 children with SEND), with over 50% being eligible for free school meals. **Over 6,500 meals were served in total.**

Food Response Fund

Working in partnership with Salford Foodshare Network investments totaling £182,500 (of which £50,000 if from the Third Sector Fund) have been made in the city's network of food banks and clubs. Provision was also made to 4 VCSE organisations supporting refugees, people seeking asylum and with no resources to public funds.

Feedback from groups suggests that the existing high level of demand is expected to be sustained over 2021/22 and may even increase with the end of furlough and the universal credit top-up.

A selection of quotes from food banks and clubs supported:

"Your funding is a tremendous help, and will help out our local Community immensely, so very grateful for your help and assistance." - **St Clements Food Bank**

"I'm a destitute asylum seeker and HIV + living on voucher every week but accessing the food parcel support on a weekly basis at Warm Hut UK is like a God sent. Life is tough and with voucher I can only afford very little. With limited income my weekly voucher has to cover everything so food can drop down my priorities". -

Warm Hut Food Bank beneficiary

"With the help the food response fund we have been able to support more families in food poverty and deliver emergency food parcels city wide. The grants have helped to keep our Pantry shelves stocked with essentials and we have been able to offer a variety of meat sourced from a local butcher." **Emmaus – Lucie's Pantry**

"The Food Response Fund has enabled us to provide food for people who really need it in Salford, safely and effectively. More than just money, this valuable support has given us continued motivation during a very challenging time for the charity." – **Mustard Tree**

"Just a great big THANK YOU for your commitment to this cause generally and specifically throughout Covid times. Your finding support has been just amazing and a life saver. I have often felt alone over the last 18 months during lockdown in my place of work at the Naz but you have been a blessed reminder that I am not alone and we are in this challenge together. This has encouraged me greatly and kept me going. Thank you once again." – **The Naz Community Hall Pantry**

"Your support is enabling us to make a real difference to so many people, helping families and individuals through this crisis" - North Manchester Community Partnership

Big Ideas Fund

The largest grant fund, both in size of fund (£450,000) and size of max award (£25,000) was the Big Ideas fund. The focus of this was to generate practical project ideas to create a healthier, fairer and greener Salford and deliver a lasting legacy for the city. It sought evidence from the proposed projects to address Salford's Great Eight Priorities and associated strategies (Locality Plan and Council's supporting Salford Way suite of strategies).

The awarding process took place in late Q4 of the financial year. Whilst at the time of writing the projects are only commencing, feedback received from successful applicants highlights the benefits to come of investment in Salford's VCSE sector.

Selected Feedback from Grant Recipients:

"This funding to transform our site will not only allow us to increase our environmental capacity but will ensure we can provide improved learning and growing spaces for the adults with Learning Disabilities, who come to 'work' at Princes Park Garden Centre each day, to improve their health, mental health and equity of access to engage in meaningful activities."

Ability Co-operative

The Big Ideas Funding for The Shed Workshop will have a positive impact on up to 100 men living in Salford who are experiencing social isolation, unemployment and struggling with their mental health. Project staff, corporate partners, volunteers and peer supporters will all work together to make a difference. The funding will help men to re-build their confidence, boost self-esteem, become more connected and physically active as well as develop their enterprise and employability skills.

Salford Foundation

'This grant takes a huge step forward in turning our plans for Peel Park into a reality.'

CommuUNITY Little Hulton

'This fund will allow more local parents to access our community shop selling toys, games and parent-related items, which will aid children's development and help them provide for their family. In addition, families will be able to access lots of great sessions including first aid, baby massage, breastfeeding cafes and more. We will work with local schools, nurseries and other organisations to ensure that we reach the families who need our services the most. It will also mean more people will use the Emmanuel community centre which has already got some fantastic services running from it.'

Visit from the Stork

3) Evaluating the impact of 2020/21

As in previous years an **independent evaluation of the Third Sector Fund for 2020/21** will be undertaken by the Centre for Local Economic Strategies (CLES) and Voluntary Sector North West (VSNW). This will conclude with a final report in Q1 2022/23.

The evaluation includes findings from longitudinal 'development story' case studies undertaken by VSNW. These were based on interviews with six organisations with longstanding relationships with Salford CVS in terms of development support and Third Sector Fund awards. Quotes from some of the case study organisations are featured below:

"The partnership is more than money: without it we would not exist" – Warm Hut

"The Money Has Changed Lives" – AgeUK's Empowered Carers project

"We would not exist if it had not been for Salford CVS" – Visit from the Stork

Salford CVS' has recently recruited two **Grants Development Workers** who are supporting funded groups in describing their outcomes and evidencing their impact.

In recent months the detailed case studies have been produced to highlight the significant work undertaken by organisations supported through the **Impact Fund Partnership Challenge Fund** (2018-21). These will be published online in the very near future.

A [superbly produced video](#) was recently received from **DIY Theatre** showing how they put their **Disability Response Fund** grant to use in connecting people during COVID.

2021/22
 **Wellbeing Fund - Round 1**
 Closing Date: Monday 7th June

Grants of up to £1,000 for Salford-based voluntary, community or social enterprise organisations undertaking health and wellbeing projects for the benefit of local residents

Sports or dance activities • reducing social isolation • improving mental health & emotional wellbeing • peer support • youth club activities

For more information, including how to book on a session, visit www.salfordcvs.co.uk/live-grants or email grants@salfordcvs.co.uk

Spreading the word

Salford CVS uses e-bulletins, social media, website, direct emails and word of mouth to promote the Third Sector Fund grants to the city's VCSE sector.

4) Summary of Awarded Grants by Fund 2021/22

a) Wellbeing Fund

The Wellbeing Fund has been in operation for many years to support small VCSE organisations (with a turnover of less than £100k per year) with general health and wellbeing projects that address the '5 ways to wellbeing'. Three rounds of funding were completed during 2021/22. A total of £55,926.76 was awarded to a wide range of VCSE organizations. This exceeded the allocation for this fund with additional monies allocated from the Responsiveness fund to cover the excess.

Ref No	Organisation	Project Name	Award

VWA21 132	Visit From The Stork CIC	Be Open on Breastfeeding Salford	£500
		Total:	£9,302

d) Healthy Holiday's Fund

This year the £25,000 allocation from the Third Sector Fund was greatly increased with an additional £75,000 from Salford City Council utilizing DoE monies. The awards listed below supported summer holiday food provision (>50% of children being eligible for free school meals) and activities. The remaining funds were utilized to support new round of awards over the December/January and Easter school holidays. Salford Council has now secured DoE monies over a five-year period to provide support activities and food during Easter, Summer and Christmas holiday periods.

Healthy Holiday's Fund - Summer Awards 2021

HHF21 311	Majic Sport	April weather, rain and sunshine both together	£1,531.00
TOTAL:			£20,006.00

e) Food Response Fund

This fund was established by Salford CVS and Salford Foodshare Network in 2020 as a response to the spike in demand on food banks and clubs. Significant additional funds were secured from a variety of sources during 2020/21, some of which has been rolled forward to 2021/22. This received a significant boost from Salford City Council's allocation of £105,000 the Household Support Fund for support with food and food related items.

The allocation of three rounds of fast-track investments, has been managed by the CEO of Salford CVS and Chair of Salford Foodshare Network. In addition to supporting Salford Foodshare Network member organisations a small number of wider organisations supporting those with no recourse to public funds have been supported.

In addition to the awards itemized below £20,000 has been allocated from the Responsiveness Fund (see section I) to support four organisations with their food response during Ramadan and Passover.

Ref No	Organisation	Award
FRF21 101	Salford Foodbank	£21,000

TOTAL:		£182,500

f) Grow Well Fund

The Grow Well Fund was initiated in 2018 following an approach from RHS Garden Bridgewater who secured £15,000 to support green and growing projects across Salford. Each year this has been matched with £15,000 from the Third Sector Fund. In 2021 a two-stage application process yielded a low number of successful applications (detailed below), triggering a second round launch in quarter 4.

Ref No	Organisation	Project Name	Award
GW21 101	Salford Loaves and Fishes	Salford Loaves and Fishes Garden	£2,000.00

GW21 108	Majic Sport	Green Prosperity	£1,999.50
TOTAL:			£8,499.50

g) Wellbeing Matters Community Asset Fund

The Community Asset Fund was designed to support increased VCSE capacity to offer social prescribing destinations through the Wellbeing Matters programme. All successful applicants have committed to working closely with Salford CVS' Volunteering Development Workers and the Community Connectors based within Salford anchor organisations. In addition to increased capacity the funded projects will provide regular reporting on the uptake of places and the progress that individuals are making through participation in their activities.

WMCA21 132	SARELI (SALFORD REFUGEES LINK)	African Inclusive Community Village in the heart of Salford	£14,890.00
TOTAL:			£141,450.00

h) Wellbeing Matters Green Asset Fund

In 2021 Salford CVS secured additional funding (Greater Manchester Health and Social Care Partnership and SCC/CCG Emotional Wellbeing and Mental Health monies) to employ a Green Space Development Worker to map and develop a network of 'green and blue' community organisations and projects interested in providing social prescribing destinations. To maximize the green and blue activities offer, a Green Asset Fund was developed to offer grants of up to £15,000 to deliver activities suitable for social prescribing. Following the process of the Community Asset Fund, the awarded organizations will provide valuable feedback to the Wellbeing Matters programme.

i) Big Ideas Fund

This major fund, supported by NHS Salford CCG, sought applications Healthier, Fairer and Greener projects that address Salford's Great Eight priorities and generate a last legacy for Salford.

Summary of funding priorities:

- **HEALTHIER** – addressing health and wellbeing in line with Salford's Locality Plan
- **FAIRER** – tackling poverty and inequality in Salford
- **GREENER** – improvements to energy, transport, water, waste, biodiversity to benefit our local (and global) environment

With grants on offer of up to £25,000, it resulted in very significant interest with bids totaling over £890,000. At the assessment panel, 20 awards were made to Salford-based VCSE organisations totaling £462,021.35.

j) Responsiveness Fund

This fund effectively forms a strategic reserve to address priorities as they emerge throughout the year. The allocations from this fund relate to Ramadan and Passover Food Response. The Responsiveness Fund also supported awards (above allocations) for the Wellbeing Fund and Big Ideas Fund. All underspends / overspends have been itemized by fund in the financial summary in Section 4.

Around £20k of remaining Responsiveness Funds has been earmarked for investment in community-based defibrillators in early 2022/23.
